You never know what's round the corner...

Accident Repair Centres

So be prepared with Pentagon...

Pentagon Accident Assistance

Unfortunately, accidents do happen and dealing with the aftermath can be a stressful and very time consuming experience. With this in mind we have introduced Pentagon Accident Assistance, a **free** Service to our customers.

One call to Pentagon and we will, speak to your insurance company and arrange for estimates. If your vehicle is not driveable we will organise recovery, and a replacement vehicle for you. If the accident was not your fault we will provide a like for like vehicle for the repair duration.

Make the right choice for you and your vehicle, let Pentagon do the rest.

We repair vehicles for any insurance, fleet or accident management company. It is your decision who repairs your vehicle, regardless of your insurance company's advice.

We are more than confident that your preference would be to have your vehicle repaired by an Approved Toyota Accident Repair Centre, the specialist for your vehicle.

Insisting on Pentagon Toyota Accident Repair Centres to repair your damaged vehicle preserves and maintains your manufacturers body & paint warranty including the 12 years anti-perforation corrosion warranty. All repairs are carried out to the highest standard demanded by Toyota with only genuine Toyota Parts and Paint & Materials.

Join Pentagon Accident Assistance You never know when you'll need us!

Know Your Rights!

Make the right choice for your Toyota accident repairs.

Insurance companies direct policyholders vehicles into their "approved" repairers. A network of repairers that they have chosen. This enables them to keep their own costs down. They also dictate the level of service and Quality of repair you the customer receive. Does controlling their cost mean repairing your vehicle cheaply?

Non original or pattern parts are used frequently. These may not fit correctly. They are sometimes provided without the correct surface or corrosion protection. Using non original parts will invalidate your manufacturers warranty.

Why compromise the integrity and quality of your vehicle and repairs.

It has been agreed with *Office of Fair Trading and The British Board Of Motor Insurers* that as a Motor Vehicle insurance policy holder you have the right to choose the repairer you wish to carry out the repairs on your vehicle regardless of the insurance companies advice. You are not obliged to only use their approved repairer.

Many Body Shops have insurer approvals. However, our work is generated by our network of Centres. We rely heavily on the loyalty and retention of our customers. We are Toyota Approved, trained & audited. Pentagon Toyota are able to complete repairs to your vehicle without being compromised by a contract with the insurer.

...your Toyota Approved accident repair specialist.
